

Understanding Grant and Proposal Writing, Research and Evaluation, and Facilitation Techniques

2007

Navigating the Road to Success: A Systematic Approach to Preparing Competitive Grant Proposals

Source: Langille, L. & Mackenzie, T. in *Evidence Based Library and Information Practice 2007, 2:1*

Description: Difficulty in securing research funding has been cited as one barrier to the involvement of more librarians and information professionals in conducting original research. This article seeks to support the work of librarians who wish to secure research funding by describing a systematic approach to the creation of successful grant applications.
