Mission

The Health Promotion Clearinghouse (HPC) is a valued resource system supporting Nova Scotia's health promoters¹ to foster healthy people and healthy communities.

Vision

By the year 2020 in Nova Scotia, we will see:

- A critical and indispensable health promotion resource system
- Empowered health promoters and reduced health inequities
- Healthy people and healthy communities

Values

The work of HPC is rooted in the principles of health promotion and population health as outlined in the Ottawa Charter for Health Promotion. All of our decisions are guided by the following values:

- **Connectivity** – providing health promoters with the opportunity to connect with and learn from others; fostering collaboration and partnerships that promote health and disease prevention.
- **Integrity** – demonstrating personal and professional honesty, trustworthiness and respect in our dealings with each other and our stakeholders.
- **Excellence** – providing efficient and effective access to credible, reliable, evidence-informed information, knowledge and shared expertise; demonstrating our value as an accessible, easy-to-use, first “go to” resource system for supporting health promoters in their work.
- **Diversity** – being an inclusive forum reflecting a diversity of people, cultures and ideas.
- **Accountability** – making effective and efficient use of our resources; demonstrating a commitment to ongoing evaluation, improvement, and transparency.
- **Innovation** – being open to new ways of providing support to our stakeholders so that our mutual and passionate goal of healthy people and healthy communities can be realized; avoiding duplication with other health promotion work.

What Does It Mean To Be A Member?

- You agree with HPC's mission, vision and values.
- You are interested in some aspect of health promotion in Nova Scotia.
- You become part of an extensive pool of collective knowledge and skills.
- You receive the HPC E-Bulletin twice a month.
- You are entitled to attend any members' meeting.
- You have voting rights at the Annual General Meeting.
- You have access to the latest documents, reports and info on health promotion in Nova Scotia.

Becoming a member is free and takes only a few minutes (see next page)

¹ Health promoters include those who work to promote health as defined in the Ottawa Charter, regardless of professional designation or occupational sector or whether the work is paid or voluntary.

Yes, I want to be a member of HPC
